

Instructions for Language Masters – Green irregularities

This PDF is laid out as a grid. The grid lines should be used as a guide when cutting.

On the first page each word is written in light grey to make it easier to print on Green card/paper without using a colour printer and to give your material the personal touch. Outline the letters yourself and highlight the phonogram in Red.

On the second page each word is written in black with the phonogram highlighted in Red and should be printed on Green card/paper using a colour printer.

The third page gives you a combination of both, the word is written in black and the phonogram is written in light grey. Print the page on Green card/paper without using a colour printer and highlight the phonogram yourself in Red.

Make sure each card is exactly the same size and laminate them.

Put the cards into a Green box with the corresponding phonogram written on the lid.

NOTE:

All downloads are for your personal use and can be used within your setting but cannot be sold or uploaded to your own website or social media page.
